Formless Lyrics

Verse 1

My mind is flowing sideways,
my thoughts are obtuse.

Time is a liquid,
I shall pour it to use.

Existence is fluid,
all formless and loose.
My senses suspended,
Obscured and diffuse.

Chorus

We've been asleep,
Immersed ever deep.

Head to our feet,
In ego.

The time has come,
Where time is undone.
Forever one,
Where we go!

Verse 2

So I charter my subconscious,
these thoughts I need to keep.
I'm brainstorming thunder,
for something unique.

But the rain is growing heavy,
and my eyes are growing weak.
My subconscious awakens,
my desire to sleep.

Chorus

We've been asleep,
Immersed ever deep.

Head to our feet,
In ego.

The time has come,
Where time is undone.
Forever one,
Where we go!

Instrumental break (Bridge)

Verse 3

My mind's still flowing sideways,
and my thoughts are still obtuse.
Time is still a liquid,
I still pour it to use.

Existence is still fluid,
still formless and loose.
My senses still suspended,
Obscured and diffuse.

Chorus

We've been asleep,
Immersed ever deep.
Head to our feet,
In ego.

The time has come,
Where time is undone.
Forever one,
Where we go!

Verse 4

I still charter my subconscious,
these thoughts I need to keep.
Still brainstorming thunder,
I found something unique.

But the rain has grown too heavy,
and my eyes have grown too weak.
My subconscious has awoken,
and I finally fall asleep.

Chorus

We've been asleep,
Immersed ever deep.
Head to our feet,
In ego.

The time has come,
Where time is undone.
Forever one,
Where we go!
